Thank you Prasant for the updated profile, it looks fresh and vibrant. All the best to you.

My feedback:

As regard to the assignment of defining, drafting and help us to finalize the SOPs for our different processes at Golden Ratio Family Office, I would like to compliment you for the excellent work done by you and your team. I must say that your approach was quite unconventional by challenging the status quo and holistic in carrying out the assignment. The SOPs finalized have worked quite well for our processes and for the organization, they are made in a way that they have a functional and practical value and not just a document which is not being referred to.

Regards

Vijender
